

Learn Space Science for Your Classroom

DATE

April 29, 2005
4:00 pm – 9:00 pm
and
April 30, 2005
9:00 am – 4:00 pm

Join us April 29-30, 2005 for a free workshop at California State University, Fresno, with scientists and educators for UC Berkeley's Center for Science Education at the Space Sciences Laboratory. Learn with the GEMS guides,

The Real Reasons for Seasons and Living With a Star,

and learn how to bring real science from NASA missions into your classroom. Experience engaging activities that enhance your understanding of space science, and receive free materials developed by NASA and UC Berkeley. Teachers from all levels of experience and grade levels are invited (including future teachers and student teachers), as breakout sessions will focus on both elementary and middle/high-school activities. California science standards most prominently addressed will be for upper elementary and middle school.

LOCATION

Fresno State
Education Building

*Corner of Maple
and Shaw*

Room 400
